

## *Sodexo Employees Race for Life!*

The running shoes can now be put back in the cupboard for another year!

Congratulations to all of the Sodexo employees who took part in the Race For Life on Sunday 15th July 2007 in Reading.

By taking part in this sponsored race, Sodexo employees have raised over £750.

We would like to thank everyone who sponsored us and to all of those people that came to show their support on the day itself.

“The race was a challenge in the humid weather but I feel as if I have accomplished something for myself and also for charity. I am already looking forward to next year when hopefully we can raise even more for such a good cause” said Reah Jarvis

Well done to all of the people who ran the Race for Life both in Reading and the other venues nationwide. See you there next year!

Sodexo Race for Life Team
